

History of the Saline Stone & Thistle Garden Club

In 1986 the neighbors of Silo Ridge Subdivision organized a garden club to share information. The name reflects the condition of the yards in their new subdivision and served as a constant reminder of how far they had come in changing their landscaping. Over the years members joined from throughout the community. In 1991 the club joined the Federated Garden Clubs of Michigan, now called Michigan Garden Clubs Inc. in the Central Region Inc. of National Garden Clubs Inc.

Some of Our Ongoing Community Projects and Donations

Membership-Design and maintenance of:

Saline District Library Garden

Saline Area Senior Center Gardens

Club Member's Responsibilities

Members shall be willing to serve on committees and to assume their share of the responsibility for the administration of the club.

Members participate in the summer maintenance of the Senior Center, Saline Library & W. C. Depot Trail gardens.

Members are on the hosting committee for one of our monthly meetings or other social events.

Members donate plants and work at our annual perennial plant sale in May.

Members pay annual club membership dues in the spring which include dues for Michigan Garden Clubs, Inc. and National Garden Clubs, Inc.

I have reviewed and signed the MEDIA RELEASE FORM about sharing my name, information and photo.
